Subject: [External] Deny Gas Pipeline Permit

CAUTION: External email. Do not click links or open attachments unless verified. Send all suspicious email as an attachment to report.spam@nc.gov.

Dear Gov. Cooper,

I urge the State of North Carolina to deny permits for the major gas pipeline. It will transmit fracked gas, which isn't good for us or our neighbors. Fracking injects a highly toxic mix of chemicals that can leach into ground water. I support investment in renewable energy. It's really the only way to energy independence for our State and our Country.

Sincerely,
Jenny Edwards
